DETAILED ACTION

1. Claims 5-10,12-14 and 16-21 are allowed.

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-4,11 and 15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 1 is indefinite because there is no direct antecedent basis for the recitation of "the cross-linked, polymeric reaction product".

Claims 2-4 are indefinite because they depend from indefinite claim 1. Claim 11 is indefinite because it recites "gas mixture" without any correlation/distinction to "a gas mixture" previously recited in claim 7. Claim 15 is indefinite because there is no direct antecedent basis for the recitation of "the cross-linked, polymeric reaction product".

4. Claims 1-4,11 and 15 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

5. The references listed on both the PTO-1449 and the PTO-892 show art of interest only, over which the claims define allowable subject matter.
